Case Study:

A beer manufacturer monitors freshness

Where: Australia

A global beer manufacturer was looking for a solution to maintain constant collection of product expiration dates across thousands of retail stores in Australia to ensure that retailers were removing expired products from shelves before they reached expiration. This manufacturer also wanted to benchmark its own freshness performance against key competitors in the region.

Brand	Submissions Collected	Shelf Life	Avg Days to Expiration	Avg Age of Beers	Avg Freshness Remaining ▾
A	123	180	105.0 <div></div>	74.98 <div></div>	58.35%
B	6,332	287	164.3 <div></div>	123.19 <div></div>	57.62%
C	5,449	365	209.2 <div></div>	155.82 <div></div>	57.31%
D	3,825	365	170.2 <div></div>	194.8 <div></div>	46.63%
E	2,268	270	119.9 <div></div>	150.13 <div></div>	44.39%
F	1,550	356	125.6 <div></div>	230.27 <div></div>	36.02%

How would you rate the neatness of the area where the Casper products are located?

Excellent

Poor

Use Case:

A Digitally Native Brand tests wholesale waters

Where: United States

Within two weeks, Premise collected 46 responses from Contributors in 22 states. Contributors were asked to go to their local Target stores, identify Casper displays, answer questions about the displays and then take photos of what they saw.

Case Study: Global Expansion Strategy

Plant-Based Meat Brand

Where: Spain, Philippines, Thailand, UK, Vietnam, Taiwan, Brazil, Argentina, Malaysia

Bypass expensive and time-consuming sales data to quickly understand the expansion potential in many global markets and the wide variety of meat substitutes available globally for culturally diverse product innovation.

Palm Fruit Pick-Up Sites

How is the palm being transported away from the collection center?

Case Study:
Mapping The
First Mile
Supply Chain

Southeast Asia

A consumer goods company needed to fill in unknown locations and practices in its initial sourcing of palm fruit in order to gain visibility into its first mile supply chain. The client was able to become more transparent and data-driven in their commitment to sustainability.

Premise client information is **confidential** and not for distribution.
